

Kraft Custom Kitchens & Woodworking Inc.

In June 2010 we contracted with Mohinder at Kraft Custom Kitchens & Woodworking to remodel our kitchen. The design and custom colours, hardware and wood quality, prices and customer service exceeded our expectations. The cabinets were completed on time. They were well constructed and met our specifications as laid out in our contract. The installation was done in two days. It was done efficiently and skillfully. Every attention was paid to detail.

We have no reservations in referring Kraft Custom Kitchens & Woodworking Inc or Mohinder.

Thank you Kraft Kitchens
