Re: Kraft Custom Kitchens

Working with Mohinder Jeet, the owner of Kraft Custom Kitchens, was an absolute pleasure. He is extremely personable and accommodating and his craftsmanship and attention to detail is second to none.

We contacted Mohinder when we decided to replace our 1990s builder's kitchen with a custom kitchen. We had worked with Mohinder a few years earlier so we knew his work was first class. Mohinder listened to our list of needs, wants, and ideas. He made suggestions and revised our plan until we were completely satisfied that we were going to get our dream kitchen. He then set out a time-line for building and installing the cabinets. The job stayed on schedule and Mohinder worked tirelessly until everything was perfect.

Based on our two experiences with Mohinder, we would not hesitate to recommend him.

A handwritten signature in blue ink that reads "Gordon & Angela". The word "Gordon" is written above "Angela", with a small ampersand between them.
